Product description

The HPE OfficeConnect 1420 Switch Series consists of unmanaged GbE switches, for small business and others looking for plug-and-play basic Layer 2 connectivity for their network, including low-cost PoE+ and 10Gb uplink models. HPE 1420 switches have Quality of Service (QoS) support and IEEE 802.3x flow control features that improve network efficiency. There is a 16-port RJ45-only model. There is a 24-port model with two SFP Gb ports,ideal where long distances require fiber-based connections.
